Great Horse and Dog Learning Tools

Support Arizona 4-H, learn about horses and dogs, and have fun all at once. What a deal!

Horse 360 and Dog 360 are apps for your iPad, iPhone or iTouch that are available at iTunes. These apps aim at teaching people of all ages the anatomy of horses and dogs in an enjoyable and entertaining way. Users will learn anatomy at a university level. This will ultimately educate them about animal injuries, treatments and illnesses.

Are the apps any good? Heather Gerald from Phoenix, AZ, recently won the regional 4-H Hippology contest at the Western National Round-Up Livestock Show in Denver, Colorado and said it was only because she had been playing Horse 360.

“I play the game a lot because it's interesting and fun. I really didn’t think about it helping me with the 4-H Hippology contest at all. But then I realized that a lot of the questions were related to the horse skeleton, hoof parts and anatomy. I still play the games on Horse 360 at least three or four times a week.... just because it's fun, you can even play the game against your friends," said Heather.

Horse 360 and the new Dog 360 want to raise $100,000 to help send 100 4-H kids to competitions. You can help by downloading a copy of the app from iTunes.

During June and July 2012 Horse 360 and Dog 360 will donate proceeds from their sales to 4-H Arizona with a goal to send 100 kids to 100 competitions.

You can download the apps at the iTunes store. If you’d like more information, go to http://horse360.com.au/

Remember, for every copy of Horse 360 or Dog 360 sold, a portion of the proceeds will go to Arizona 4-H. Have Fun, Learn and Support AZ 4-H!
GEAR TECH 21 CAMP

Have you ever wanted to build a robot that would clean your room or do the dishes? GEAR-Tech-21 camp will give you some of the skills you will need to build your next house cleaning robot. During the camp you will be building and programming robots, utilizing a GPS unit to mark important landmarks around camp and you will be using a laptop to create a map from the marked points on the GPS unit. You will come away from camp with more than engineering skills, but most importantly friendships and memories. So do not let this opportunity pass you by! Register today! This overnight camp will be June 19th-23rd at Santa Rita Experimental Range, South of Tucson. Call the Pima County 4-H office to get a registration form mailed.

YUPICOPA 4-H CAMP

Arizona 4-H now owns a 4-H camp at Mingus Springs!

Pima County will be camping with Yuma, and Maricopa Counties this year and will cap each counties’ delegation at 25 campers each excluding counselors, CITS and volunteers. We are working on the final touches for applications for 1) 4-H campers 2) 4-H Camp Counselors 3) 4-H Camp Volunteers and potentially 4) 4-H Camp CITS (Counselors in Training).

Pima County applications will be available on our website no later than **Friday, March 23rd**. All applications will be under “Forms” and then “Events”. Applications will be on a first come, first served basis. Applications must have payment submitted with the paperwork and we will keep a waiting list in the event that any of the 25 youth selected are not able to attend for some reason.

MEDIA CAMP

Are you interested in photography or video production? If you are this opportunity is for you! Pima and Cochise Counties are putting on a “Media Camp” at Santa Rita Experimental Range, which is just South of Tucson. This four day overnight camp will allow you to immerse yourself in photography which will give you the skills to taking that award winning shot, to sprucing it up with Adobe Photoshop. If video production is your thing, you will gain the skills such as storyboarding to editing using Adobe Premiere to create a video that is out of this world. All of the activities will be hands on with you as the operator of the camera or laptop when editing. You will walk away from camp with more than photos or a video, but also friendships, memories, and most importantly media production skills. So do not let this opportunity pass you by! Register today! This overnight camp will be June 19th-23rd at Santa Rita Experimental Range, South of Tucson. Call the Pima County 4-H office to get a registration form mailed.

SUMMER CAMPS

For the following camping programs please visit the following website to get the registration information:

[http://extension.arizona.edu/4h/james-4-h-camp-arizona-4-h-camping-programs](http://extension.arizona.edu/4h/james-4-h-camp-arizona-4-h-camping-programs)

SHOUT OUT!
Silverbell Riders recently did the Climb to Conquer Cancer. We walked up "A" mountain and raised over $800.00 for the cause! We are very proud of our kids, many of them walked in honor of family members, it was awesome.

CONGRATULATIONS SCHOLARSHIP WINNERS

Congratulations to all the 4-H scholarship winners this year. Good luck in your educational endeavors in the future.

Arizona 4-H Youth Foundation Scholarships

WADDELL 4-H DAIRY INVITATIONAL

Waddell Hoofprints 4-H Club of Maricopa County extended an open invitation to their second annual dairy cow show held March 24th. Judge Steve Faber gave Supreme Champion to a Holstein heifer shown by Sheridan Moss. Pima County showman, Elyssa Struse, won gift baskets, clippers, and show halter for her champion Jersey cow. Consider attending this well-planned event next March.
CONGRATULATIONS

Looking ahead to July...
17 Sheep/Market Goat Project Meeting @ CEO, 7:00 PM
23—27 Media Camp

Issued in furtherance of Cooperative Extension work, acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture, Jeffrey C. Silvotooth, Associate Dean & Director for Economic Development & Extension, College of Agriculture Life Sciences, The University of Arizona. The University of Arizona is an equal opportunity, affirmative action institution. The University does not discriminate on the basis of race, color, religion, sex, national origin, age, disability, veteran status, or sexual orientation in its programs and activities.
Working in collaboration with the Flowing Wells Extension Program, e.g. Project STAR the Flowing Wells Agricultural and FFA will be offering the following summer courses.

*Please note; this is open to ANY student within the Tucson, and surrounding areas; e.g. Vail, Marana, Three-Points, etc...

Elementary Introduction to Agriscience & FFA: Grades 4th – 6th

This is an elementary introduction to Agricultural Science & FFA (Future Farmers of America) for 4th – 6th grades. Participants will engage in hands-on agricultural related activities through applications and interactions with the environment, while learning first-hand the interrelationships between plants, their needs and the effects that plants have on the soil in which they grow. This course is a must for students interested in Agriculture & FFA (Future Farmers of America). Upon completion of the course, students will have earned a special FFA recognition for being a future AGGIE, as well as a special summer T-shirt commemorating their interest and dedication to the Future of Agriculture.  

*Requires a $10.00 class fee. Due to the nature of the course; students will be required to wear closed toe shoes – no open toe sandals/shoes or flip flops.

Middle School Introduction to Agriscience & FFA: Grades 7th – 8th (including incoming freshmen!)

This middle school introduction to Agricultural Sciences & FFA (Future Farmers of America) is for 7th & 8th grade students wishing to enroll in the Flowing Wells High School Introduction to Agriculture and FFA courses. Participants will engage in a variety of hands-on agricultural activities relating to Plant Systems and greenhouse management. Participants will also be introduced the components of Agricultural Education; e.g. FFA (Future Farmers of America) and SAE (Supervised Agricultural Experience). Upon successful completion of this three week course, students will have earned the first degree available to FFA members; The Discovery Degree, as well as a special summer T-shirt commemorating their interest and dedication to the Future of Agriculture.  

*Requires a $10.00 class fee. Due to the nature of the course; students will be required to wear closed toe shoes – no open toe sandals/shoes or flip flops.

For more information pertaining to the summer agricultural program, please contact the Flowing Wells Extension Program at (520) 887 – 2600 or Michelle Ferranti at Michelle.Ferranti@fwusd.org
