New Family Guide - Detailed Instructions  Created: August 27, 2012

4hOnline is a new web-based system used to enroll youth and adults in the Arizona 4-H Youth Development Program. 4hOnline may be accessed from any computer connected to the Internet 24 hours a day, 7 days a week.

Computer Requirements
You must use one of the following Web browsers:
Microsoft Internet Explorer 6.0 or newer (for Windows users); Mozilla Firefox 1.5 or newer (for Windows and Apple users); Netscape 8.0 or newer (for Windows and Apple users); Mozilla Camino 1.5 or newer (for Apple users); Apple’s Safari is NOT supported. You must enable cookies and Javascript.

GETTING STARTED – CREATING A LOGIN ACCOUNT
To enroll online as a family in 4HOnline, you will need a computer, Internet access, a valid e-mail address, and a web browser. While 4hOnline will work with most browsers, some aspects work better with Mozilla Firefox or Google Chrome.
1. Go to https://az.4honline.com (notice that there is no —www in that address).
2. Click on [I need to set up a profile] to display a number of additional fields.
3. Select the county you want to join, then type in your valid family e-mail address in both email fields.
   NOTE: E-mail addresses must be valid in order for you to have access to your enrollment information—it serves as your account login as well as how you will receive information, retrieve forgotten passwords, etc.
4. Enter your family/parent/guardian/household Last Name. (This will be the name that appears on mailing labels— The Champion Family for example.)
5. Create your password – must include letters and numbers/symbols with a minimum of 8 characters.
6. Click on [Create Login]

FAMILY INFORMATION PAGE
Family Information is applicable to all 4-H Youth and/or Adults in your family (individual family members will be added in the next steps).
1. Fill in the blank fields in the [Profile Information] section
2. Do not check the [Update member records...] box at this time.
   NOTE: You do not need to enter or change your password at this time (unless you want to).
3. Click on the [Continue] button at the bottom of the page.
When you are entering family information make sure . . .
- The zip code is 5 digits
- The phone number has dashed in it
- ALL information is correct
- ALL bolded fields are filled in

You do not need to change your password at this time.

**ADDING FAMILY MEMBERS**

Now that the family account has been created it needs to be populated with members. Each person who is involved in 4-H will get their own member record within the family account. Each member record can be individually filled in with the members personal information and allow for enrollment in clubs, projects, etc. Note that access to each individual member record can only be achieved through the family account.

1. Click the drop down box under [Add a New Family Member], then select [Youth] or [Adult]
2. Click on [Add Member] to access the [Personal Information] screen.

**EDIT/ADD YOUTH INFORMATION**

The next screen that appears [Personal Information Page] shows more information about the individual. All **bolded** fields are required; feel free to change anything that needs updating. Any fields that are not bolded are recommended, but not required to proceed. Remember, the more detail the better. If you enter an email different from the family email in the email field then the member email will be notified by 4-H in their personal email.

**NOTE:** Only fields with Bold Text are required fields, all others are optional.

Some of the fields are pre-filled with corresponding family data however; if any of this member’s data is different than the family data (i.e. email address, last name, etc.) simply enter the correct information in the field.
If he/she has a DIFFERENT e-mail address than the family one entered at login, enter it in the top box.

If his/her last name is different than the parent/guardian/household name, make that change on this page.

The parent information must be filled in to receive parent correspondence.

Parent 1 email is correlated with the family email.
