Fundamentals of Small-Scale Mushroom Production

presented by

Dr. Barry Pryor
Professor, School of Plant Sciences
&
Thom Plasse
Instructional Specialist,
Pima County Cooperative Extension, Tucson Village Farm

Gourmet mushroom production is a rapidly growing industry. Learn the basics of how to initiate your own operation growing Pleurotus Ostreatus (Oyster) mushrooms and other Arizona-friendly varieties.

Experience
Visit Tucson Village Farm and the University of Arizona MycoCats’ grow facilities.

Learn
- Mushroom Biology
- Cultivation Techniques
- Troubleshooting
- Financial Inputs
- Sources of Strains and Spawn

Cultivate
Network with other growers and connect with the newly-founded Arizona Mushroom Growers Association.
