Maricopa County “Gro4H” Campaign
Keeping Youth Engaged in our Communities
Through 4-H Youth Development!

What does 4-H do for youth...

- Provides opportunities for youth to gain valuable life skills.
- Engages youth in hands-on learning where they gain mastery, experience belonging, learn independence, and practice generosity.
- Develops confidence and skills in decision-making, public speaking, empowerment, and so much more!
- Strengthens the relationships and bonds between youth and caring adults.

4-H teens lead a Science Workshop for youth to demonstrate how STEAM impacts their everyday life.

The University of Arizona Cooperative Extension Maricopa County and the 4-H Program is asking for your support in order to expand our existing programs and to “Gro4H” through new audiences in both our urban and rural communities. Our goal is to increase our youth enrollment by 25% through our 4-H Club Program, Teen Leadership opportunities, and new Science, Technology, Engineering, Arts, and Math (STEAM) programming.

What kids get from your support:

- Hundreds of youth will learn the importance of responsibility, leadership, and giving back to others.
- Help youth realize their dreams, see their own potential, and make a difference in their community and beyond.

What you get for your support:

- Marketing of your business, organization, industry, or family at all Maricopa County 4-H events.
- Up to $20,000 match from Maricopa County Cooperative Extension.
4-H youth are...

- Four times more likely to make contributions to their communities;
- More likely to have higher grades;
- More likely to have higher educational aspirations;
- Two times more likely to avoid risky behaviors, such as drug and alcohol use;
- Two times more likely to participate in science, engineering, or computer technical projects (4-H girls are two times more likely to pursue a career in science)

With your gift, you will help shape the future for Maricopa County youth!

4-H Pledge:

I pledge my head to clearer thinking,
My heart to greater loyalty,
My hands to larger service, and
My health to better living,
For my club, my community, my country and my world.
