HORSE SHOW RULES
2014 – 2017
(Revised January 1, 2015)

Arizona 4-H Youth Development
Cooperative Extension
College of Agriculture and Life Sciences
The University of Arizona
Tucson, Arizona
These rules and class descriptions have been developed as for the Arizona 4-H Horse Show but also serve as a guide for club and county 4-H shows. These rules will be used at the Arizona State 4-H Finals Horse Show. County delegates to the state show should familiarize themselves with these rules. No rule changes will be made unless there is a safety issue.

The primary purpose of any 4-H horse show is to provide an opportunity for 4-H horse project members to demonstrate their abilities and the type of performance they can elicit from their project horses. In so doing, safety, good taste, and the establishment of a good public image are paramount.

Grateful appreciation is expressed to the individual 4-H horse leaders and the State 4-H Horse Advisory Committee, who contributed to this publication through review, consultation and suggestions.

SECTION I – BASIC RULES

1. SAFETY COMES FIRST.

2. As of January 1, 2015, Arizona 4-H requires that an industry approved ASTM/SEI equestrian helmet be worn by all Arizona 4-H members when they are mounted on a horse and participating in an Arizona 4-H horse event/activity/project meeting. The harness must be secured and properly fitted. Any rider violating this rule at any time will be immediately prohibited from further riding until such headgear with a three point harness is properly in place. It is the responsibility of the rider, or the parent or guardian of the youth exhibitor to see to it that the headgear worn complies with the appropriate safety standards for protective headgear intended for equestrian use, is properly fitted, and in good condition. An approved helmet is one that carries the approval stamp of the United States Pony Club (USPC) Safety Committee or any other recognized authority that establishes standards of safety for protective headgear. An approved helmet must be worn by Exhibitors while in the show ring, staging areas or practice arenas or whenever they are mounted on a horse. Gatekeepers will check before allowing competitors to enter the arena. Refusal to wear a helmet is an automatic disqualification from an event.

3. All exhibitors must be 4-H members in good standing who have carried a horsemanship project for the project year prior to the State 4-H Horse show.

4. Exhibitors must meet 4-H requirements of their respective counties.

5. Quotas to be based on facility size and by show staff.

6. All exhibitors will be selected and approved by their respective County Extension Office after meeting county criteria.

7. Age Requirements:
   a) Junior members are those who have not reached their 14th birthday before January 1 of the club year prior to the State 4-H Horse Show.
   b) Senior members are those who have reached their 14th birthday, but not their 19th, before January 1 of the club year prior to the State 4-H Horse Show.

8. Any family-owned or properly leased horse, pony or mule, regardless of training, may be used as a project horse by a 4-H member who is properly enrolled in the Arizona 4-H Horse Project.

9. Exhibitors may use the same horse as long as:
   a) The horse is owned within the same family
   b) The classes are individual work class
   c) Tack changes do not delay the show
   d) A special note of joint use is made on State 4-H Horse Show entry forms

10. The horse must have been the exhibitor’s project horse for at least 90 days prior to the State 4-H Horse show.

11. Each exhibitor may only enter a class one time per show.

12. Hauling Cards are no longer required by the state. Contact your 4-H Youth Development Agent for county specific ownership requirements.

13. All sick, lame and unmanageable horses will be disqualified at the discretion of the judge. Unmanageable may be defined as horse running into gate during timed events or running away causing the rider to be bucked off, fall, or dismount. Rider will be disqualified from that event.

14. No stallions over 12 months of age will be allowed in the show.

15. The judge will have the authority to disqualify any exhibitor for any appointments that, in the judge’s opinion, would give an exhibitor/horse an unfair advantage or that the judge believes to be inhumane.

16. Anytime a horse’s mouth is bleeding, the exhibitor may be disqualified at the judge’s discretion.
17. At no time will an expensive outfit or tack be considered over a neat, clean outfit in good repair.

18. Each class will be called to the show ring twice. The gate will then be closed.

19. Any exhibitor who is assisted into the arena or show ring will be disqualified.

20. Exhibitors must prepare their own animals without assistance, except in holding, leading, loading, or where there is a question of safety, i.e., small children cannot reach.

21. From the time the horse enters the grounds, no trainer or person other than another 4-H exhibitor may ride the horse and/or assist the exhibitor. This rule does not apply to co-contestant in team roping classes.

22. Verbal coaching while in the warm-up ring is permitted. However, only exhibitors are allowed in the warm-up ring, except in team roping and setting jumps. This is a safety issue.

23. Coaching is only allowed in gymkhana events.

24. Destruction of State 4-H Finals property or facilities, in any manner, may result in disqualification and/or loss of stabling privileges.

25. Other causes for disqualification of exhibitors are:
   
   a) Whipping, batting or spurring in front of the cinch, except for proper use of English crops or bats.
   b) Unnecessary roughness or abuse of animals.
   c) Unsportsmanlike conduct on the part of exhibitor, parent or leader.
   d) Disrespectful behavior or abusive language on part of the exhibitor, the exhibitor’s parents, or leader.

   **First Offense:** Disqualification from the Class  
   **Second Offense:** Disqualification from the Show

26. The decision of the judge is final.

27. All performance classes will reverse to the inside, away from the rail.

28. Conformation of the horse will not be considered in any class, except where stated.

29. Judging begins when the exhibitor enters the arena or ring and doesn’t end until exhibitor leaves the arena or ring.

30. The use of drugs in horses participating in the State 4-H Horse Show is prohibited unless the drugs are prescribed, for therapeutic reasons, by a licensed veterinarian and do not pose a safety hazard. Violations of this rule may result in disqualification from the show or the revocation of awards and placings.

   Protests against suspected drug violations will be handled in accordance with procedures described in section II – Grievance Procedures.

   The Grievance Committee will determine whether a suspected horse should be permitted to compete, tested for drugs or disqualified.

31. The Cooperative Extension Office in each participating county will appoint one leader or parent to serve as that county’s designated representative in all matters of grievance, protest or appeal. The name of the designated representative will be submitted by the Extension Office with the list of qualified exhibitors from that county.

32. For general safety considerations, no bare feet or open-toed shoes will be permitted at any time while working around or in the vicinity of a horse.

33. The current Arizona State 4-H Horse Show Rule Book will govern any decisions.
34. Changes to this rulebook will only be made on a three-year cycle, unless there is a true safety concern that is not currently addressed in it. Other rule changes will not be made until the end of the three-year cycle when the book is revised.

Officials:
1. The Line Judge will act as the start/foul line Flagger and is responsible for making sure the herd is bunched and settled prior to each team’s run, dropping the flag to signal starts and finishes, watching for proper order of cattle pushed over line, making decisions regarding roughing of cattle, hazing of cattle and concerning safety issues.
2. The Timer will be responsible for starting the clock at the drop of the flag signaling the start of a run and stopping the clock at the drop of a flag signaling the end of a run.
3. The Gate official will be responsible for checking in on teams at the gate, making sure the proper team is ready to compete when called and for opening and closing the gate at the beginning and end of each run. It is not the gate official’s duty to insure exhibitor readiness to enter the arena.

Class Routine:
1. A two (2) rider team (4-H member) must sort 10 of 12 cattle within 60 seconds. Time begins when the nose of the first horse crosses the start/foul line. The pen size should be no larger than 60 x 60 with corners cut and a 12’ gate (opening) between both pens (this will be the start/foul line).
2. The team is on one side of the arena with the cattle on the other. The judge signals to the announcer that the team, arena and cattle are ready. The line judge drops the flag to signal the timer to start the clock. As time begins the announcer calls a start number, cattle are then sorted in numerical order. Time is taken when total body of the last numbered calf crosses start/foul line. In a single go event, the most cattle sorted in the least amount of time wins. In a multiple go round event, the team that sorts in EACH run will beat the teams that fail to sort or have a NO TIME in runs, REGARDLESS of the number of cattle sorted or timed. FOR EXAMPLE: times in three (3) qualifying runs; beat times in two (2) qualifying runs. Times in two (2) qualifying runs; beats time in one (1) qualifying run. The goal is to have the most cattle sorted in the least amount of time, without a foul or disqualification. A foul or disqualification is assessed of any part of a calf out of sequence or un-numbered, crosses the start/foul line, or any part of any calf returns back across the line.
3. Calves must be sorted in correct numerical order and total body must clear the line to be counted, but need not clear each other (may overlap in numerical order). If less than 10 heads are sorted within 60 seconds, the teams recorded time will be that number at the time the last calf crosses the start/foul line. FOR EXAMPLE: if the time ends while the next good calf is crossing the line; time will be given upon the previous good calf. Each calf will be timed to ELIMINATE the POSSIBILITY of a tie. At Least one judge will make final decisions from a position with a clear view of the start/foul line. Decisions of the judges are FINAL.

Cattle:
1. Each team works on a herd of twelve cattle. Herds will be rotated, or given a break after every ten (10) runs.
2. Contact by horse, hands, rommels, reins, or any other equipment will result in a NO TIME.
3. A team shall be judged a NO TIME by the judge for any action the judge believes to be unnecessary roughness to the cattle. In the event the judge determines the action to be inhumane treatment of the cattle, the team may be DISQUALIFIED.

Rule 3 Explanation:
THE JUDGE ASSUMES THAT YOU WILL EXHIBIT GOOD JUDGEMENT AND BE IN COMPLETE CONTROL OF YOUR HORSE AT ALL TIMES. ANYTHING YOU DO FROM THAT POINT FORWARD IS A RESULT OF A CONSCIOUS DECISION ON YOUR PART. A JUDGE CAN NOT CONTROL YOUR THINKING OR REFLEXES. HE CAN ONLY MAKE A CALL FROM THE RESULTS OF YOUR OWN DECISIONS AND ACTIONS.
- The rider must give the cattle an avenue of escape. If you are going down a wall toward a corner and pen the cow into a no escape situation and that cow jumps, or attempts to jump, or crashes into the wall you will be called for roughing.
- The rider must keep his/her horse off the cattle. A horse following so closely as to hock a cows back legs, or bump or push the cow: can cripple the animal as well as to cause a potential wreck.
- If a horse hocks, steps on, or knocks a cow off its feet, it will be considered roughing and the team will receive a NO TIME.
- Not letting up on an animal when a rider should see a collision is coming with the fence, herd, or other rider is a roughing call.
4. In the event that a sick or injured animal is in a herd, team must stop and ask for a judge. Time will be stopped, and the arena director will determine how to proceed. Often, the animal may be replaced and time then restarted. Team should make every effort to keep all previous cattle behind the start/foul line during the delay. If cattle injury is a result of an unnecessary roughness on the part of the team they will be disqualified.

5. If any cattle are brought across the start/foul line out of sequence, the judge will drop the flag signaling the timer to stop the clock. Team will receive a NO TIME.

6. If a good cow returns to the cattle side of the arena after it is brought across the line, the team will be given a NO TIME.

7. If a non-numbered cow crosses the start/foul line, the team will be given a NO TIME.

8. In the event a team is given a number that has already been used improperly within a given herd, a rerun must be given immediately using the correct number in the same herd.

9. In the event a mechanical or official error, the participating team may get a rerun at the end of that set of cattle with the same number cattle. If a rider falls off, that will result a disqualification.

10. If for any reason a team does not show after the order of go has been drawn, their cattle number will be drawn to avoid changing the order of go for the contestants.

11. At the end of the time limit the team will be given credit for cattle sorted within the allotted time.

Teams:
1. 4-H members may be denied participation if deemed to be unsafe by the arena director at any given contest or clinic.
2. There will be no coaching or spotting (advising the team where the next cow is, what color it is etc...) from the audience. Cheering the team on and providing positive reinforcement is encouraged. Riders need to develop into a “team” thereby relying on each other to sort the cattle in the allotted time.
3. Good sportsmanship will prevail at all times. Any acts of misconduct by any teams or team member, i.e., arguing with judges, using profanity towards judge or official, etc, will be ground for disqualification or penalty assessment to be determined by the arena director. This rule applies to adult team members also and may result in expulsion from the event and/or program.
4. Sixty seconds after the last member of the team finishing, leaves the arena, the following team must be in the arena ready to ride. Any delay will be judged a NO TIME, unless waived for a good cause.
