

# Growing Citrus at High Elevation

*Your Southeast Pinal County Master Gardeners are pleased to invite you to attend our Community Education Presentation*

**Wednesday, February 12, 2025 @ 1:00 pm**  
**SaddleBrooke Ranch Sol Ballroom**  
**31143 S. Amenity Dr., Oracle, AZ 85623**

Love your citrus trees, but struggling to keep them alive and healthy in your garden?

Dr. Glenn Wright, a specialist in all things citrus, will be here to provide practical science-driven information. Growing citrus at higher elevations in Arizona presents certain challenges and will be our topic this month. He will answer all your questions on cold temperature tolerance, optimal planting locations, how and when to fertilize, proper irrigation and best pruning practices. Insect and disease control will be covered as well.

Bring your questions! We hope to see you there!

Dr. Glenn C Wright  
University of Arizona  
Associate Extension Specialist and  
Professor
