

Dear Exhibitors and Parents,

This show year we are all impacted from the COVID-19 pandemic that has hit our beloved Navajo Nation. The situation is changing daily in regards to travel restrictions, curfews, social distancing, protective equipment, and many other factors. We here at University of Arizona/FRTEP extension as well parents and supporters still want to host a virtual show and sale. With the collaboration of parents, 4H supporters and Extension staff we plan to take this as an opportunity to host an online virtual show and sale. This will be our first attempt to host an event online and we are embracing our “Learn By Doing” motto. We ask for your patience and understanding as we try to navigate these unknown waters. The top priority for us will be the safety of our youth, volunteers, staff, and animals, which may cause some of our rules and regulations to change to adjust to new situations. Be assured we will keep the virtual show and sale fair to all exhibitors and families. In the past, the show and sale was a means for fun, learning and participating in program events. This year, that has changed as a means of adaptation, and facing agriculture loss for some families. Our primary goal this year is to get our 4-Hers to have the chance to showcase their skills and talents they worked hard on all year long. As well as hosting a sale to help recoup some loss that has incurred due to the pandemic. Things may not be perfect but we are doing our very best and appreciate all your support. May you, your family, and animals stay safe during these troubling times. We are all in this together.

Thank you,

Kristy Kinlicheenie

Due to the age division change by the University of Arizona, for the Navajo Nation Virtual Jr. Livestock Show will require all exhibitors to show based on their age division in their respected 4-H clubs state. For example, if you show as a Junior in NM you will show as a Junior at the Navajo Nation Virtual Show and Sale, if you show as a Booster in AZ you will show as a Booster in NM.
