

THE UNIVERSITY OF ARIZONA

Cooperative Extension

Pima County - Master Gardener

Financial Assistance Request Form

Please fill out and turn in with your application **ONLY** if you are interested in receiving financial assistance toward the cost of tuition.

The [Pima County Master Gardener](#) program is an outreach program of the University of Arizona's Cooperative Extension Service. Our mission is to educate residents by providing unbiased research-based horticulture practices and information that promote the development of healthy, sustainable communities. We achieve this mission through a variety of outreach and educational activities that our trained volunteers lead throughout the year.

Through our own fundraising, we are pleased to be able to offer a limited amount of financial assistance to those who wish to join the Master Gardener program in 2021, but for whom the full tuition would be a hardship. Assistance is a partial scholarship only. Incoming Master Gardeners Students who are approved for assistance would need to pay a minimum of \$75 out of pocket. The remainder of the tuition would be waived by the Master Gardener program. Due to the limited amount of funds available, not all applications will be funded.
