The **USDA Wholesome Meat Act** applies to all animals that may be slaughtered for human consumption after this Fair.

The act requires the following:

- a. Antibiotic and sulfonamide have required withdrawal periods.
- b. Drug label directions must be followed.
- c. If drug or chemical residues are found in carcass tissue, and the carcass is condemned, the Exhibitor will forfeit all class and sale premium monies, trophies, and special awards.
- d. ALL animals qualifying for the Auction may be tested, at the discretion of the Mohave County Youth Livestock Auction Board of Directors, for drug or chemical residue (reasonable efforts will be made to notify Parent or Legal Guardian and Leader/Advisor of the pending test).
- e. ALL Grand and Reserve Grand Champion Livestock animals sold through the Auction WILL be tested for drug or chemical residue immediately following being designated Grand or Reserve Champion. In addition, one animal of each specie will be randomly selected and tested immediately following the show. Exhibitor pays all cost of a test if the results are returned positive.
- f. Failure to submit to a drug test will result in the Exhibitor forfeiting all class and sale premium monies, trophies, and special awards.
- g. Each Exhibitor shall sign a statement that the animal is drug free at the time of entry and will remain drug free at all times OR THAT MEDICATIONS HAVE BEEN DECLARED AND ALL WITHDRAWAL PERIODS WILL BE MET PRIOR TO SLAUGHTER. Please consult your project leader/advisor if you do not understand the previous statement.

Any medication given for the health of the animal to treat a disease or infection within 30 days prior to being received at the Fair must be declared to the Mohave County Youth Livestock Auction Board of Directors within 10 days of the first dose of

medication. An animal must be healthy upon arrival and weigh in at the Fair and be accompanied by a clean bill of health by a licensed veterinarian.

Treated animals may be shown and sold through the auction, but sale of the animal does not become final until all medication withdrawal periods have been met. The member will continue to care for and own the animal at their expense until sale is final and is properly delivered to the buyer. Failure to care for animal will cancel sale and forfeit all sale monies. The owner will still pay designated auction fee to Mohave County Youth Livestock Auction.

Full disclosure of the medication and withdrawal period will be announced at the auction and buyer will sign a disclosure statement stating they understand the condition of sale.

I UNDERSTAND THAT:

1. All Grand and Reserve Champion market animals will be sold through the auction.
2. I may raise as many market animals as I wish, but only one entry may be sold through the auction unless the other entry is Grand Champion or Reserve Champion, Mohave County Youth Livestock Auction division, Mohave County Fair, of a different class, then both may be sold.
3. Animals not meeting weight and age restrictions will not be sold through the sale. Only market class animals may be sold. I understand that breeding animals are not eligible for auction.
4. I must currently be enrolled in a 4-H Club OR Agri Science class and be under the supervision and instruction of a certified 4-H Leader or Ag-Ed Instructor, and I must be a member in good standing at the time of the County Fair entry date.
