SUMMER CAMPS

June 11-15, 2018

Are you ready for a life changing summer?

Don't just go to any-old camp, come to J.O.L.T.!

J.O.L.T. is an Arizona Teen Leadership Camp, designed by teens for teens. At J.O.L.T., there is a positive environment that promotes personal development, team building and self-confidence.

Our mission:

“To create an environment where Arizona teens can learn how to empower personal leadership, hone in on creativity, and encourage positive social change in their own community by upholding the tradition of making the best better.”

Learn what [Arizona Teens say about J.O.L.T.](#) and check out a cool video from the [2017 J.O.L.T. Camp](#) ([link is external](#))

After your week long adventure at J.O.L.T., you will go back with improved leadership, trust and communication skills.

UPCOMING EVENTS

National 4-H Congress "Be True – Be You" Due June 1st, 2018 November 23 - November 27, 2018 - Arizona's PREMIERE 4-H Event a MUST for all 4-HERS

In 2017 **Jordyn Woodburn** was selected to attend National 4-H Congress, a wonderful opportunity for her.

This is an merit based trip awarded to the top 4-H members in each state. Arizona 4-H members submit their Record Books to the State 4-H office to be judged and a delegation chosen. The delegation gathers with top 4-H members from around the country in Atlanta Georgia for National 4-H Congress. Tour the area, meet with national 4-H sponsors and in general have a great time. National Congress offers interactive leadership experience through quality educational and cross cultural experiences. There are seminars, discussion groups and a service learning experience, which bring home ideas that you can implement into your 4-H club and community. **Application process:** Arizona 4-H delegates for the 2018 National 4-H Congress will be chosen based upon their 4-H accomplishments as documented in their Arizona 4-H Member and Project Records. Submit your Application Cover Sheet and record books (2015- 2018) to your 4-H Agent at your local extension office.

INSECT CATCHER'S SAFARI

Goal of this lesson:

Youth will:

Know and learn about the **habitats** (homes) of insects.

Learn where and how to look for insects.

What You Need to Know:

- Insects can be found just about **everywhere** you might look: in the city and country, inside buildings and outdoors, in woods and infields, in water and in sand, and on pets and animals.
- Insects can be found by looking up and looking down and looking all around. Then when you've finished looking in one area, look again-insects are always on the move.
- Most insects have a favorite place to live (**habitat**). Insects usually live in one kind of place because they find the things they need to live there. This might be on a special plant they like to eat or in an area with lots of sunlight, flowing water or sandy soil.
- Some insects build special homes for themselves. Two kinds of insects which do this are ant (build ant hills) and wasps (build nest).

Materials Needed:

- Plastic bottle with lid
- Magnifying glass
- Insect net (optional)

(If you want to have a net, they can be purchased or constructed from the pattern below. This activity is too complicated for children so parents will need to do it.)

Make an Insect Net

1. Bend the triangular part of a wire coat hanger until it forms a circle.
2. Carefully straighten the wire hook.
3. Sew, safety pin, staple or tape netting, cheesecloth, or sheer curtain material to form a bag with a tapering end.
4. Sew a hem at the top end of the bag leaving an opening for the wire hanger.
5. Thread the wire hanger through the hem of your bag & then twist the wires together.
6. Use plenty of heavy gray tape to tape the twisted wire securely to the end of a broom handle or wooden dowel.

Learning Activity:

1. Choose a site for your insect **safari** such as a backyard, park, or field. Ask the children what they think a safari is. A safari is a trip and on this trip they will be looking for insects
2. Share that insects are everywhere but they often cannot be seen because people don't know how to look for them. Insects can be "shy" and hard to see in their own environments. It takes practice to see all of the insects around us. Have the youth look up and down, side to side, and all around to find all of the insects.
3. Have them look around in one spot and then when they have finished, look again because insects are always on the move. Have them look under logs, rocks, leaves, in water, in the air, and on plants and trees.
4. So they can get a closer look, have them collect some insects in their plastic jar. (Tell them not to pick up centipedes, large spiders, spiny caterpillars, bees or wasps. Find pictures of these to show them if possible.)

CLOVERBUD CORNER

5. As they collect their insects in the jar remind them to include a small piece of plant, keep out of sunlight, and return the insects back to their natural habitat.

6. Ask them questions to help them think about what they have learned.

- How do you find insects?
- In what different **habitats** did you find your insects? What are some other kinds of homes where insects might live?
- Why do most insects usually live in one kind of place?
- What are the differences in the insects? What color, size, and shape are each of the insects?
- If you were an insect, where would you like to live?

Other Fun Things to Do:

- Have the children choose an insect they would like to be.
- Using their imagination, have them draw a home to live in. Encourage them to be creative
- Ask questions to help them think about their insect home.
- What kinds of insect homes would you like to live in?
- Would there be room for families and pets?
- Where would the home be?

Read a Book: Read a book about insects together and talk about what they have learned. Some book suggestions include:

Where Do Insects Live? By Susan Canizares and Mary Reid

The Great Bug Hunt by Bonnie Dobkin

Have You Seen Bugs? by Jeanne F. Oppenheim

SUBMITTING TO CLOVER COMMUNICATOR

To all 4-H club leaders and members

If any clubs, youth, or leaders have any club updates, events, or 4-H stories they would like to share in the Clover Communicator please send them to me by the 25th of every month. We would love to hear what your club is doing in Yavapai County. Pictures are always welcome! In your information, include the 5 W's: Who, What, When, Where, and Why. If you are promoting a 4-H related event, also include contact information or how participants can get involved.

The Clover Communicator is published on the 4-H website AND the Yavapai County 4-H Facebook page. Many people look at the newsletter on the website and FB page to find out what clubs are doing and where they want to join. It's an excellent way to promote your club and members.

Send your information to lgerber@cals.arizona.edu and we'll include it in the Clover Communicator!

ListServ Reminder: Do Not Delete

The ListServ is used by the Extension office to send out important information to 4-H members and leaders. Please, do not delete anything before reading it if the mail is from the ListServ. We have had many complaints about community members not receiving any information about events, only to find out they never read the Listservs because they do not recognize who it is from. Any ListServ emails are sent

Newsletter Printed Copy Subscription

All newsletters are emailed and also posted on the Yavapai County 4-H website under the newsletter tab. If you would like to receive a copy of the newsletter mailed to you, the cost is \$21 per year for an annual subscription of 12 issues (which is cost recovery only). Late subscriptions will not be prorated. The subscription year runs from October 1 through September 30.
