CLAIRE'S CORNER

Dear Readers,

Congratulations on completing another successful school year. I'm sure you are looking forward to some well-deserved summer fun.

I need to bring your attention to some changes in regard to this "Clover Communicator." During your summer fun, please carefully read your email, and follow your 4-H Facebook pages because the Clover Communicator will have a new publication calendar moving forward. We know we often duplicate information sent to you and this is our way to be more efficient. Instead of a monthly publication, we will be sending it out quarterly. You will receive the next edition at the end of summer, September.

Record Book – My 4-H Story

It's time to think about how you will tell your own unique 4-H story for your record book. I've included some ideas generated by our Yavapai County 4-H Staff team, discovered on the internet, and shared by 4-H Agents from other Arizona Counties. Have fun exploring these options and developing your own.

Standard suggestions to consider: Introduce yourself. Share about your interests, family, hobbies etc. If you were given two minutes to tell someone about yourself, what would you say? Describe how 4-H has made a difference in your life. How did the project you are completing in this Project Record help you grow? Who has helped you in your 4-H journey? How has your 4-H participation helped others? What are your goals in life? Include activities outside of 4-H.

Writing Prompts:

"If it wasn't for 4-H, I wouldn't have ..."

"Because of 4-H, I was able to ..."

Other creative ideas:

1. Write about 4-5 4-H Life Skills you've gained during the 4-H year – SEE CHART BELOW
2. Pretend you were walking on a beach when you find a magic bottle. Now you have 3 wishes for 4-H. What would they be and why? For your club, for yourself, future. How are your wishes connected to your projects, community service, etc.

Next steps: Do a google search using this descriptor for advice from all across the United States with recommendations for writing your 4-H story: 4-H record book my story.

Heart Math

Did you know that most of the population operates in the fight-or-flight nerve system response mode 75% of our day? That means that even in our sleep most of us are in the fight-or-flight mode. This is a major source of stress for the human body designed to be in this mode only when in immediate danger. Come learn how our nervous system works, responds to stress, and how to adapt to move out of this mode. Free stress management workshop provided by Partners in Health for 4-H teens and volunteers, July 14, 10 AM at the Yavapai County Cooperative Extension Office. Call Dr. Claire Oberst for more details. Please RSVP 928-445-6590.

Overview

Journey of Opportunities for Leaders of Tomorrow (JOLT) is an annual summer camp experience for Arizona 4-H Teens. Young leaders from around the state of Arizona gather at the Harold & Mitzie James 4-H Camp & Outdoor Learning Center to develop life skills, make new friends, and make new memories.

The mission of JOLT is to create an environment where Arizona teens can learn how to empower personal leadership, hone in on creativity, and encourage positive social change in their own community by upholding the tradition of making the best better. The theme for JOLT 2023 is Superhero: 4-H'ers Assemble

What to expect?

Each camper gets to select an Involvement Committee (IC), a track that is an area of interest to them—Agriculture, Civic Engagement & Community Service, Healthy Living, and STEM. Many experiences throughout the week will revolve around which track each participant selects. Outside of each camper's track, there will also be a variety of other fun activities for all campers to choose from (some are listed below):

Back by popular demand! 4-H will be hosting another Open House event during the Yavapai County Fair September 7th – 10th, and we want you to join in the fun!

Last year we had approximately 1200 people come through the Cooperative Extension building during the 4-day event, so it's a great opportunity to share all things 4-H with our community! How can you participate? Display past or current indoor exhibits, engage with visitors and share your 4-H experience, or bring your small stock animal over for a visit! All indoor displays can be from individual members or a club-wide effort.

More details to come!

Our volunteers have spoken, and we listened!

YQCA is coming to Yavapai County!

Yavapai County 4-H will be hosting a state-wide Youth Quality Care of Animals Clinic on Saturday, October 21st, 2023. All 4-H members ages 8-18 needing certification are invited to attend. Registration will open August 1st to Yavapai County 4-H members, and will then open mid-August to all other counties – space is limited! The cost will be \$18/member which covers materials, lunch, snacks, and YQCA fees. All participants will leave at the end of the day fully certified.

The clinic is tentatively planned to be held at the Mayer Recreation Center, and will include several hands-on stations that cover topics such as biosecurity, nutrition, health products, animal well-being, facility design, life skills, veterinarian/client relationships, emergency preparedness, and more!

More details will be shared later this summer such as event time, registration links, etc. Please contact the 4-H staff at the Extension Office for questions.

Community Service Opportunity

Please see this community service opportunity to support the Prescott Frontier Days® Rodeo Parade and help Yavapai County 4-H raise money to support camp scholarships.

Hello Yavapai County 4-H,

Thank you so much for your support of the rodeo parade! As the chairman of the Prescott Frontier Days® Rodeo Parade, I am pleased to announce our 2023 Rodeo Parade scheduled for Saturday, July 1st, 2023. Our Parade Theme this year is "**Dances With Bulls**".

We would like to take this time to invite you to participate by helping the parade committee with our staging horse clean-up, also known as the "Manure Clean-Up Crew". This would be a paying position to your group of \$400.00.

We need 5 to 10 kids and adults who would be responsible for manure cleanup around the parade staging area where horse groups are located. We need to make sure that any business in the staging areas are clear of all manure as well. You may bring a small UTV or "gator" to assist in clean-up containment. The parade will begin at 9 am, but we would need your group as early as 8:00 am to check in and get situated since many parade participants arrive very early. The job will be completed after all parade equine participants have left the staging area and all the streets and business locations in the vicinity are clear of manure. We will also provide water, Gatorade, and breakfast sandwiches to the group.

I have attached our Parade Participation Application & Waiver Form, if you are able to participate, please complete the forms and return them to us when possible. We will also need to collect waivers from all of the participants in your group and they can be turned in all the way up to the day of the parade. We will also work closely with the rodeo office to have the payment sent out promptly.

Please let me know if you have any questions or need additional information, my contact information is noted below, and am available when convenient for you. We look forward to seeing you for our 136th World's Oldest Rodeo & Parade.

Thanks again for your consideration,

Kelly Owsley

Beautiful Butterflies

Have you ever wondered how a butterfly fluttered?

Butterflies flap their wings by contracting the thorax (the body part where the legs and wings are attached).

Let's build a model to see how it works!

Materials: Cardboard Toilet Paper Tube
Index Card
Scissors
Clear Tape
Markers

Procedure:

1. Make 2 longitudinal cuts along the toilet paper tube. Cut the tube so there are two parts - one larger and one smaller.
2. Cut an index card in half and tape each half to an edge of the larger portion of the tube. Leave about $1 \frac{1}{2}$ inch overhang towards the middle of the tube.
3. Tape the edges of the smaller portion of the tube to the inner edges of the cards. Hold the tube (the thorax) with the smaller part of the tube on the top.
4. While holding the bottom tube section (the larger one), press down and then release the upper section. The index card "wings" will begin to flap up and down.
5. Decorate your butterfly!

Where are the wings of a butterfly attached?
