Do You Wonder About Your Child's Development?

You are the expert on your child!

All children grow and change at different rates. A milestone check can let you know if your child is on track.

The Ages & Stages Questionnaire (ASQ3™) is a quick and easy developmental screening that can help you learn more about your child's development from 1 month to 5 years of age. **All you have to do is provide the answers about your child, because you know your child best.**

Your answers will show your child's strengths and sometimes show some developmental concerns. If there are concerns, we can refer you to someone who can help. We will also provide supportive activities to do with your child that can help his or her development.

Parents who use the ASQ3™ say they learn a lot about their child's growth and development while finding new ways to play and bond with their children. And screening is fun for your child!

Where can I get an ASQ3™ for my child?

- Call the University of Arizona, Cooperative Extension, Pinal Developmental Screening Program at (520) 836-4651 for a **FREE** appointment or complete the screening online at:
 - ◆ English- <https://asqonline.com/family/c426ba>
 - ◆ Spanish- <https://asqonline.com/family/32a8f3>

FIRST THINGS FIRST

The University of Arizona is an equal opportunity, affirmative action institution. The University does not discriminate on the basis of race, color, religion, sex, national origin, age, disability, veteran status, or sexual orientation in its programs and activities. Persons with a disability may request a reasonable accommodation, such as a sign language interpreter, by contacting our office (820 East Cottonwood Lane, #C, Casa Grande, AZ or 520.836.5221). Requests should be made as early as possible to allow time to arrange the accommodation.
