Did you know that Arizona has a $1.6 billion horse industry? In Pinal County, we take our horsing around seriously...serious learning, serious futures in equine, serious experiences and serious fun! Join us for our Annual HAC (Horse Advisory Committee) to learn more about the horse projects across Pinal County and Arizona. Become involved by joining the committee as an adult or youth member. It's a great time to re-vamp the program into exactly what we want in Pinal County!

*The current county rules say each club planning to attend county wide shows must have at least one adult and one youth member at HAC meetings. It's a great time for a fresh start!
