4-H SPOTLIGHT

Meet our 4-H Community

Member: Landon McKay

I am a senior at Camp Verde High school. I have been involved with 4-H for two years now. However, I have worked with and raised livestock since I was 8 years old. My favorite project is definitely market beef, because you get to raise the animal for almost a year of their life, and can really gain a great relationship with them, and get to know their personality super well throughout the year. Another part I like about raising beef is getting to look back at the end of everything and realize that

you provided great beef for your buyer and their family to enjoy knowing it had a great life.

When I'm not working on my projects or going to shows, I'm usually hanging out with friends or working.

Volunteer: Kevin Knight

I grew up in Yuma, AZ and graduated from KOFA High School in '97. In 1999 I started my career in Information Technology and currently work for a global Cyber Security Company.

I have only been involved in 4-H since we moved to Dewey in July of 2023. I was very impressed at the first club meeting I attended, run by the members it was very well organized. I saw confident kids that will grow into competent adults. "Learn by doing" and "Make the best better" really resonated with me because I have always been a hands on learner.

I currently lead the Blacksmithing project for the Lonesome Valley Wranglers, and have recently completed certification for Archery, Rifles, and Pistols. My favorite part about being a project leader is watching the members learn through trial and error, and seeing the excitement and triumph on their faces when they succeed as they build their skills.

When I am not 4-H'ing I am enjoying nature from the drivers seat of my jeep, or working on projects around the house. I will admit that those projects sometimes include continuing my own journey in Blacksmithing, and Bladesmithing.
