### Anniversary Celebration - Garden Activities

- **Wildlife Habitat Garden** – a demonstration of plant and animal relationships in the garden
- **Propagation** - demonstration on how to propagate plants
- **Shade Garden** - history of mesquite trees and how to identify them
- **Container Garden** - the correct pots to use and how to pot plants
- **Basin edibles** - seed sewing demonstration and olla demonstration
- **Pollinator Garden** - demonstration on creating solitary bee houses with handout
- **Color Garden** - what to plant to have color in your garden in every season with handout
- **All American Garden** - raised bed soil analysis to demonstrate water conservation - pros and cons and why
- **Cactus and Succulent Garden** - how to plant and handle cactus
- **Small Spaces Garden** - making salsa from produce in the garden with recipe handout
- **Roses** – best practices for growing roses in the desert
- **Xeriscape Garden** – soil probe demonstration - a simple steel rod that can test the depth of watering ... water too shallow and plants suffer, too deep and water is wasted
- **Aquaponic Garden** – answers to everyone’s questions about aquaponic gardening in your own yard
