Diagnosing and Identifying Plant Damage

Saturday, June 15th, 10:00 am till 2:00 pm
(with a short break for lunch)
Greenlee County Cooperative Extension Office
1684 Fairgrounds Road, Duncan, Arizona 85534

Correct diagnosis and identification, as well as understanding the cause of problems in your garden, orchard or landscape is the first step towards controlling the situation effectively.

Learn to recognize and manage:
- Diseases-fungal, bacterial and viral
- Insects-“good bugs” vs “bad bugs”
  - Vertebrate pests
  - Nutrient imbalance
- Environmental conditions—water, wind etc.

The cost of this workshop is $10.00 to the general public and is no charge to those enrolled in the Greenlee County Master Gardener program.

For further information on this & future garden workshops, as well as the Master Gardener program contact
