• Why Use Native Plants in your Home Garden
• What is a Native Plant
• Desirable Characteristics
  ➢ Adapted to local climate
  ➢ Adapted to native soils
  ➢ Support biological diversity
  ➢ Provide habitat
  ➢ Beautiful and low maintenance

YAVAPAII COUNTY MASTER GARDENER VIRTUAL PRESENTATION

▶ Thursday, July 28, 2021 – 6:30pm
▶ Presenter: Lesley Alward

Lesley learned her real love of plants as a child from her mother; as an adult she found she had a knack for design. As a landscape contractor she designed and built residential gardens, specializing in accessible gardens for those with mobility challenges. In 2005 she became a certified Master Gardener and has since started a landscape consultation business. Lesley continues to share her landscape design and vegetable gardening experience via the Master Gardener Speakers’ Bureau and as a volunteer designing and building native plant and pollinator gardens and schoolyard habitat gardens for the Highlands Center for Natural History.
