VERMICOMPOSTING
THE WONDERFUL WORLD OF WORMS

Vermicomposting is easy, good for your soil and ultimately good for your plants.

Come away with ideas on:
- Why worms?
- Vermiculture basics
- Worm habitats
- Using worm bi-products

YAVAPAi COUNTY MASTER GARDENER
VIRTUAL PRESENTATION

‣ Thursday, November 16, 2021 – 6:30pm
‣ Presenter: Tricia Michelson

Tricia is a diehard vegie gardener certified as a Master Gardener in 2013. Believing that gardening is a continual experiment, Tricia takes on new gardening challenges each year. Vermicomposting was one such challenge that has turned into a permanent part of her growing processes. She grows vegetables inside her home as well as outside and loves sharing the joy of gardening through public speaking engagements throughout the county.
