University of Arizona Cooperative Extension
2020 Climate and Drought Outlook for Beef Producers Webinar

Mike Crimmins, University of Arizona Climate Science Extension Specialist will take a look at Arizona’s climate outlook specifically tailored for beef producers: Where we were last year, where we are now, and what the outlook is for the next few months.

- AZ Climate/Drought Update
- Overview of the 2020 Monsoon Season
- Outlooks for Summer/Fall 2020
- Overview of myRAINge Log for precipitation monitoring on the ranch

TUESDAY, JULY 21, 2020 | 6 PM - 7:30 PM
