NAWT Inspection Training & Certification
Did you know that you are now required to attend an ADEQ-approved course before initiating the real estate inspection? Your successful completion of the 2-day ADEQ-approved course and certification test will result in your name being listed as a certified inspector with both NAWT and ADEQ. This list is posted on the NAWT website (www.nawt.org) and visited by property owners and real estate agents engaged in the Arizona Transfer of Property Inspection Program under AAC R18-9-A316. **This course is a pre-requisite for all University of Arizona Onsite Wastewater Treatment courses.** **Other Certification:** This workshop qualifies for 16 professional development hours (PDHs) and 13.5 contact hours for Arizona Registered Sanitarians.

NAWT Onsite Installer Certified Professional Training
Currently the NAWT program is still a program covering the following topics: Planning and site evaluation Installing sewage tanks and ATUs; Installing below ground systems; Installing above ground systems; Installing pumps and pump stations; Installing media filters. Additional material has been added incorporating some of the CIDWT developed installer materials. This includes information on surveying and OSHA soil evaluation.

Intro to Design of Onsite Wastewater Treatment Systems
This is a 2-day course on designing onsite wastewater treatment and dispersal systems using Arizona regulations primarily for gravity distribution and residential applications. A homework assignment will be used to provide practical application of material learned in the workshop. Please bring a calculator and writing implement. Prerequisite: All participants will need to have completed both the NAWT Inspection Training & Certification and Soils & Site Evaluation courses. **Other Certification:** This class qualifies for 16 CEU hours for maintaining NAWT certification, 16 Professional Development hours (PDHs), and 16 contact hours for Arizona Registered Sanitarians.

Soil & Site Evaluation for Onsite Wastewater Treatment Systems
This is a 2-day, **ADEQ-approved** course covering soil and site evaluation for onsite wastewater treatment systems. Successful completion of the course completion exam will result in your name being listed as a Registered Soil & Site Evaluator for ADEQ. The course will be conducted both in the classroom and in the field. Topics to be covered include: water movement and acceptance; soil treatment; soil evaluation including description of texture, color, structure, and consistence; and site evaluation procedures. **Prerequisite:** You must have participated in a NAWT Inspection Training & Certification workshop to attend this course. **Other Certification:** This workshop qualifies for 16 professional development hours and for 14.4 hours of contact hours for Arizona Registered Sanitarians.
