Flowers for Lettuce Days

We will have 1/2 of an acre at lettuce days which is scheduled for February 27 and 28 2016. These flowers will be used to decorate the event as well as educate. Interested Master Gardeners will be doing workshops, instructing visitors how to make floral arrangements and care for cut flowers. Other workshop ideas are welcomed, please contact Stacey with your ideas. In addition to workshops, we will be selling flowers with the proceeds going to the Master Gardener program.

Your help is needed for this project. September 14th we will be marking rows to delineate where each type of flower will be seeded. Then September 16th we will be planting about 3 1/2 rows. The following is the full schedule for the project:

**September 14:** Marking rows for seeding  
**September 16:** 3 1/2 rows  
**October 15:** 11 1/2 rows  
**November 16:** 1/3 row  
**December 16:** 4 1/2 rows  
**January 15:** 2 rows  
**February 26:** Set up for Lettuce Days  
**February 27 & 28:** Lettuce Days

Let Jan Miller know if you would like to help and mark your calendar for Lettuce Days.
